

The Overdose Crisis: Why are SO many people dying?

***A Complimentary Statewide Webinar for
Community Leaders Across Florida***

Time: 10:30 to 11:30 a.m. ET

Date: Thursday, Dec. 9

Communities across Florida and around America are struggling to find solutions to combat the deadly rise in **overdose deaths**. As 2021 and the pandemic seemingly come to a close, **why are so many people STILL dying at the hands of illicit drugs in Florida?**

Join us for this informative webinar brought to you by the statewide leaders at Project Opioid where we will share

NEW data and discuss community solutions that can **save lives**. This exclusive webinar features **Florida Attorney General Ashley Moody** and top experts and stakeholders working around the Sunshine State.

Click to RSVP!

Topics of Discussion

In this webinar, we will share:

- **JUST ADDED:** Groundbreaking **new statistics** on overdoses, deaths and those most at risk
- Comprehensive reporting and new numbers on the impact of **Fentanyl** on the overdose crisis
- Recommended **strategies** for leaders in communities on prevention, treatment and navigation for those in need
- **NEW:** Recent innovations to expand access to **lifesaving treatments** and medications that reverse and prevent the effects of a deadly overdose and save lives

Keynote Speaker

Ashley Moody

Florida Attorney General, Chair on Florida Taskforce for Opioid Abuse

Ashley Moody is the 38th Attorney General for the State of Florida and was appointed by the Governor to serve on Florida's Statewide Task Force on Opioid Abuse in 2020.
